

Keystone Printing Ink Technical Data Sheet

TSP Toyo Process Series

Series Summary: **TSP Series** is a high quality 100% solids sheet-fed commercial process series designed to print on today's popular impervious substrates. It is manufactured for the printer who is looking for strong contrast and high density while maintaining low dot gain.

Advantages:	Features	Benefits
	High Pigmentation	High print contrast with low dot gain
	Low water pick-up	Faster make-ready with less emulsification
	Batch to Batch Consistency	Less color variation with better matched reprints

Packaging: Available in One, Two, Three, and Five Pound Metal Containers.

Technical Data:	Tack @ 800 rpm:	Yellow	Magenta	Cyan	Black
		11.0	13.5	14.0	14.5
	VOC: (lb/gal)	1.75	1.17	1.54	1.25
	Test Method: EPA 24				
Recommended Densities:	Narrow Band	1.30-1.40	1.35-1.55	1.35-1.50	1.80-2.00
	Wide Band	0.90-1.10			

Note: All inks are tested using Keystone Printing Ink Company approved test methods. Materials tested under like conditions with different instrumentation may yield different results.
